HYUNDAI HY40CGB26 2x20V 2-in-1 GRASS TRIMMER

Some garden jobs are too heavy for a grass trimmer and too light for a full brush cutter. The Hyundai HY40CGB26 solves that by putting both tools in one machine. Powered by two 20V lithium-ion batteries running in series, the 40V brushless motor drives a 34cm string trimmer for lawn edges and a 25.5cm three-blade steel brush cutter for tougher, thicker vegetation.

Specification

Model	HY40CGB26
Start Method	Battery
Trimmer Cutting Width (mm)	340
Cutter Cutting Width	255
Line Diameter (mm)	2
Bump Feed Head	Yes
Battery Type	Lithium Ion
Total Voltage (v)	40
Rated Speed (RPM)	9000
Product Type	5,000 / 6,500 / 8,500
Warranty (years)	3
Model EAN	5059608481310
