## HYUNDAI HY40CLM38 38CM / 40V CORDLESS LAWNMOWER

Petrol mowers need fuel, servicing, and winter storage care. Corded electric mowers need an extension cable and a socket that reaches the far end of the lawn. The Hyundai HY40CLM38 removes both problems. Powered by two 20V lithium-ion batteries in series, this 40V brushless mower cuts a 38cm / 15" strip per pass and runs for up to 50 minutes on a full charge.

### Specification

|                             |                                 |
|-----------------------------|---------------------------------|
| Model                       | HY40CLM38                       |
| Propulsion                  | Push                            |
| Cutting Width (mm)          | 380                             |
| Cutting Height Max (mm)     | 65                              |
| Cutting Height Positions    | 5                               |
| Catcher Type                | Half Plastic With Polyester Bag |
| AC Voltage (v)              | 40                              |
| Collection Bag Capacity     | 36 litres                       |
| Gross Weight (kg)           | 17.30kg                         |
| Dimensions (H x W x L) (mm) | 1005 x 415 x 1460               |
| Warranty (years)            | 3                               |
| Model EAN                   | 5059608481242                   |
