HYUNDAI HYM20200SPEZX 196cc PETROL LAWN MOWER

The Hyundai HYM20200SPEZX combines the practical 20" / 51cm cutting width with electric start convenience and the 196cc engine that powers the larger models in the range. It's a capable all-rounder for medium to large gardens where you want power, coverage, and easy starting in one machine. The zero turn front wheels allow you to mow around edges, trees or borders easily.
